For Immediate Release:

Page Plus Cellular Announces New “Talk n Text” Monthly Rate Plan

Holland, OH, March 31, 2009 - Prepaid cell phone service provider [Page Plus Cellular](#) has announced it is offering a new rate plan designed for heavy users of airtime and text messaging. The new “*Talk n Text*” plan gives users 1,500 minutes of airtime plus 1,500 text messages for a very competitive \$39.95 a month. The plan will be available April 15th.

“This plan offers an extremely competitive rate for those who use a particularly high amount of airtime and text messages,” said Dean McDowell, Chief Financial Officer of Page Plus. “Users who are currently on another provider’s unlimited plan will find that this is a better alternative for them because they are currently paying more than \$39.95, yet using less than 1,500 minutes and 1,500 text messages per month. Today there are a lot of people who fit this usage profile who will save money with this plan.”

Page Plus customers can purchase the “*Talk n Text*” plan by buying a card or PIN as they currently do for other standard rate plans, by calling Customer Service at (800) 550-2436, or by purchasing online on the company’s website at [www.pagepluscellular.com](#). Once they have initially purchased the plan, it will renew automatically each month and they can replenish their account with standard airtime cards.

Page Plus Cellular is a prepaid cellular service provider with nationwide coverage on one of the nation’s leading networks. Page Plus is consistently ranked among the top prepaid service providers for low rates, flexible plans and exceptional customer service. Page Plus handsets and services are available through its large national network of [dealers](#), and on its website at [www.pagepluscellular.com](#).
